Ideal for confined spaces

Unique to the market in stainless steel our link plates can be used to link the same or different sized pipes with our two piece clamp range. We provide a range of long fasteners to add link plates together to make the required thickness and rigidity you require between the clamps. We will be developing a range of heavy duty link plates as well.

CODE	WIDTH AND THICKNESS	A mm	B mm	ØE mm	S/S GRADE	
SSLP 60	18 x 2.0mm	60.5	46.5	6.6	304	
SSLP 82	18 x 2.0mm	82.0	68	6.6	304	
SSLP 109	18 x 2.0mm	109	95	6.6	304	
SSLP 211	18 x 2.0mm	211	197	6.6	304	
SSLP 95	30 x 3.0mm	95	73	9	304	
SSLP 191	30 x 3.0mm	191	183	9	304	
SSLP 285	30 x 3.0mm	285	262	9	304	

Use link plates
to hang single
two piece
clamps.
